

*Don't Just Learn to Drive, Learn to Drive Safe!*

Learning to drive is a major milestone, and understanding the steps necessary for you to become a safe driver for life can be overwhelming. "The Road to Being a Safe Driver" (below) highlights important target dates that you should strive to meet as you move along the path from Drivers Education classes to receiving your license.

The Road to Being a Safe Driver doesn't end once you receive your license. You should continue to work to hone your safe driving skills and responsible decision-making while driving. Also, you must follow all teen driving laws, which include no friends in the car for your first six months with a license and only one friend in the car for the remainder of your first 12 months with a license.
